Introduction

Fluffy was a little kitten, aged about six months, which was left behind when a family who lived a few doors away from me moved to another area.

The first three chapters of this book are fiction as I had to guess what might have happened to Fluffy before my husband and I took her in.

The remaining chapters recount true events in her life. I hope you enjoy reading about her good times, the funny things she did, the scrapes she got into, the mischief she got up to and, finally, all the love and trust she gave us.

Ann Wainwright.
