**"**Joseph Itiel's *Dirty Young Men and Other Gay Stories* is an easy-to-read collection of real-life sexual situations that capture and hold the reader's attention from start to finish with their complete lack of self-pity and their pragmatic and unsentimental approach to sexual appetites and sexual realities. Even for those who do not particularly share the attraction to the author's 'types,' the book is a welcome breath of honesty in a world that continues to deny the breadth of gay male sexual activity. Some might be 'scandalized' by the matter-of-factness of it all, but most men have far more sperm than they know what to do with, and this book simply tells it as it is. Good for Joseph Itiel!"

**"**These twelve true-life stories are based on Joseph Itiel's own sexual adventures. They are not only captivating reading but eye-opening narratives that are erotic, funny, and sometimes shocking. Some of these stories cover Itiel's sexual encounters as an older man who finds that, at the age of fifty-five, he is finally viewed as a sex object by cute, younger guys. This is a good thing as well as a bad thing, for most of the guys he meets are not interested in his wisdom, experience, or even his money, they are just simply turned on by an older gentleman. The rest of the stories cover Joseph's sexual experiences from his early twenties to his later years. As a world traveler, these stories take place in various locales such as Toronto, Israel, Bangkok, and Portugal. Itiel has put a lifetime of his own personal sexual experiences into words that are not only entertaining and erotic, but educational as well. This is not a memoir, but it comes close. Be sure and check out this fine collection of stories! I'm glad I did!"
