HOMELESSNESS
An Annotated Bibliography
Volume II

James M. Henslin
This bibliography is dedicated to the many homeless people who discussed their situation with me during my research across the United States and to the several hundred thousand other homeless persons who live in conditions that no one should face. To them, my sincere wish is a more enlightened society and a brighter future.
CONTENTS

The Main Bibliography..................................................... 3

All items are annotated. Following this bibliography proper are the following 41 sections or subbibliographies, each devoted to a subtopic of homelessness. In these sections, the full citation is given, but no annotations are repeated. The 41 divisions are:
