A Selection from the Syriac Julian Romance
The Syriac Studies Library brings back to active circulation major reference works in the field of Syriac studies, including dictionaries, grammars, text editions, manuscript catalogues, and monographs. The books were reproduced from originals at The Catholic University of America, one of the largest collections of Eastern Christianity in North America. The project is a collaboration between CUA, Beth Mardutho: The Syriac Institute, and Brigham Young University.

Series Foreword

This series provides reference works in Syriac studies from original books digitized at the ICOR library of The Catholic University of America under the supervision of Monica Blanchard, ICOR's librarian. The project was carried out by Beth Mardutho: The Syriac Institute and Brigham Young University. About 675 books were digitized, most of which will appear in this series.

Our aim is to present the volumes as they have been digitized, preserving images of the covers, front matter, and back matter (if any). Marks by patrons, which may shed some light on the history of the library and its users, have been retained. In some cases, even inserts have been digitized and appear here in the location where they were found.

The books digitized by Brigham Young University are in color, even when the original text is not. These have been produced here in grayscale for economic reasons. The grayscale images retain original colors in the form of gray shades. The books digitized by Beth Mardutho and black on white.

We are grateful to the head librarian at CUA, Adele R. Chwalek, who was kind enough to permit this project. "We are custodians, not owners of this collection," she generously said at a small gathering that celebrated the completion of the project. We are also grateful to Sidney Griffith who supported the project.
